WELCOME MESSAGE

Dear friends,

The Neuro-Otological and Equilibrimetric Society of India, has grown from strength to strength with ever increasing participation in recent conferences.

This year we are organizing the 43rd Annual Conference NESCON 2025 in Kolkata, for the first time in recent memory. This year we have selected "Multi disciplinary team approach for better outcomes" as a theme for our conference and hope to involve paediatricians, obstetricians, neurologists, neonatologists etc in our deliberations in an effort to foster cross-specialty collaboration.

This year academics shall go hand in hand with cultural competitions not only for delegates but also their families. Watch this space for specially curated local sight-seeing/culinary/shopping tours as well as a special "Spouse and Children Zone" to keep the family entertained.

We, the organizing committee, extend a very warm welcome to all of you and promise a stimulating memorable NESCON 2025 with endearing and everlasting memories!

From the Desk of NES President:

Dear friends,

Greetings from the NES family!

It's been a while since I was entrusted the task of being at the helm of affairs of our prestigious body, the NES of India. I have tried to live upto the expectation of my peers.

The science of Neurotology has been growing at a rapid pace, to the benefit of both the healers and patients. The burden of Vertigo, Dizziness and Balance disorders in society is, in fact, gigantic, and has remained partially addressed in the past. These recent developments in assessment and treatment of these disorders are a marvel in modern medicine.

We have grown from a small society to a much bigger one with more than 1000 members, and an active participation in our recent annual conferences. We are grateful to Dr. NVK Mohan and his team for coming forward to host our next annual conference at Kolkata from August 1 to August 3, 2025.

I sincerely welcome you all to join us in the City of Joy , and enjoy an academic extravaganza as well as the hospitality extended by our wonderful hosts from the organizing committee.

With warm regards

Dr. Avinash Bijlani
President
NES of India
