for better outcomes**

Organised by :
**Neuro-otological & Equilibriometric
Society of India**

In Association with :
**Association of Otolaryngologists
of India, West Bengal**

WELCOME MESSAGE

Dear friends,

The Neuro-Otological and Equilibrimetric Society of India, as we all know, is the oldest subspecialty society of Otolaryngology established in 1978. After a short, unfortunate period of inactivity our society has seen an admirable resurgence in recent times as evidenced by the increasing participation of delegates from across the globe in our recent conferences.

This year we are organizing the 43rd Annual Conference NESCON 2025 in Kolkata, for the first time in recent memory. This year we have selected "Multi disciplinary team approach for better outcomes" as a theme for our conference and hope to involve paediatricians, obstetricians, neurologists, neonatologists etc in our deliberations. This year we expect the participation to be even greater and hopefully we shall touch the 500 mark!

Kolkata – the City of Joy – is an erstwhile capital of British India and a thriving metropolis in the eastern part of the country. The city is well connected to the rest of the country and world by road and air. There are many famous tourist attractions in and around the city like the Victoria memorial, Kalighat temple, Dakshineswar temple, Belur Math. Shantiniketan, the university town founded by Gurudev Rabindranath Tagore is a short drive from the city as are the Sunderbans which form the largest mangrove forest in the world (famous for the Royal Bengal Tigers) and a World Heritage site.

Kolkata is not only a vibrant pot pourri of history, arts, culture and academics but is, more importantly, an intense love affair that you can neither resist nor forget. Cosmopolitan and welcoming, Kolkata has so much to offer that you shall invariably end up making multiple trips if you haven't done so already. Food is central to the soul of the city, as are literature, arts and culture. We promise you shall have every opportunity to experience all these aspects of our beloved city while you dig into delectable Bengali cuisine in the form of machher jhol, kosha mangsho, chingri malai curry and mouthwatering Bengali sweets!

Ladies shouldn't miss the opportunity to pick up Dhakai jamdani, Murshidabad silk or Kantha stitch sarees that form part of the famous textile fare of our corner of the world. By the way, gentlemen who make the mistake of not bringing their better halves to the conference better not miss this bit of advice in order to make up for the blunder!!

We, the organizing committee, extend a very warm welcome to all of you and promise a stimulating memorable NESCON 2025 with endearing and everlasting memories!

Regards,

Dr. N.V.K Mohan
Organising Secretary
NESCON 2025

ORGANISING COMMITTEE

Prof B.K. Roychowdhury
PATRON

Dr. Dulal Basu
